

PKI DELUXE SLURRY MIXER

Manufactured by Pacific Kiln & Insulations Co. Inc. (PKI), the deluxe slurry mixer is a great value for any foundry, offering convenience, reliability and safety to your operation.

This top-of-the-line, rotating tub mixer features a stainless steel tank and blade; which provides casters with a completely contamination-free shell building environment as slurries only come in contact with stainless steel. The deluxe slurry mixer comes standard with a gearbox that is protected from slurry splash, protecting the inner workings of the machine and offering the foundry a virtually silent mixer. It can be made in a variety of sizes and multiple options are available; allowing it to work within automated systems.

Available Options

- Variable speed drive
- Liquid cooled plows
- Custom size barrels
- Soft start, 3-phase voltage
- Barrel covers
